

Accessing Turnitin Through Canvas

What is Turnitin and why is it used?

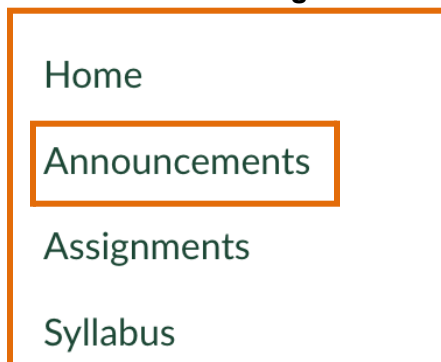

Turnitin Feedback Studio is available to help instructors review student submissions for originality and provide targeted, in-document feedback. Feedback Studio supports inline comments, QuickMarks, rubrics, and overall feedback, making it a useful tool for promoting academic integrity while streamlining the grading and feedback process.

How to access Turnitin through Canvas

1. **Log in** to Canvas:
 - a. Go to courses.miami.edu.
 - b. Enter your UM credentials (username and password) and click "**Log in.**"
2. In your dashboard, select the course you'd like to add an assignment in.

3. Open the navigation on the side and select "**Assignments**"

Accessing Turnitin Through Canvas

4. In the Assignments tab, click the **3 dots** on the right of “+ Assignment”

5. Select “Turnitin”.
